Easter Jewelry
 Easter marks the death of dreary winter and the birth of joyous spring—a change from the sombre to the gay.
 No time of all the year is more opportune for the purchase of some article of jewelry. Nothing adds to one's personal adornment so much as a well-selected piece of jewelry from our stock.
 Then, too, Easter is a time when our friends and loved ones should be remembered by some token, and nothing lends itself more fittingly for such expression of esteem than jewelry—the kind that is treasured for its worth—the beauty and sentiment expressed—the kind we sell and guarantee.

The Tazewell baseball team is getting its grounds in shape on the Hampton field north of town, and expect to play the first game next Saturday afternoon. There is plenty of material here for a good team, and the boys should be encouraged in their efforts. They have raised enough money to clear the grounds and pay the first month's rent, but need more to fence the grounds and build a grandstand, and all interested in seeing a good team here should contribute liberally to the club. William Kiser is the captain.
